

Registration number –	Appearance – Solid odour block held within a plastic pot		
Describe the activity or work process. <i>(Inc. how long/ how often this is carried out and quantity substance used)</i>	PROFESSIONAL GRADE PX17 pots are moulded blocks of special absorbent polymer with millions of microscopic size cells holding concentrated Airicide® odour counteractant that is released gradually and uniformly into the air. Airicide® is not just an air freshener, it is made to merge with and change the geometrics of odorous molecules in the air, so they will not be recognised as offensive when they reach the nose.		
Location of process being carried out?	They can be used to eliminate foul odours from bacterial growth, cooking, smoking, pets, chemicals, etc. Airicide® is 'azeotropic', meaning it wants to become a vapour and uses capillary action to release odour counteractant 24 hours a day		
Identify the persons at risk:	Employees <input checked="" type="checkbox"/>	Sub-contractors <input type="checkbox"/>	Public <input checked="" type="checkbox"/>
Name the substance involved including active ingredient, in the process and its manufacturer.	PX17 Deodoriser (Killgerm) Active Ingredients – Ethanol (17.3%), Freesia floral (82.6%)		

Classification (state the category of danger)

	<input type="checkbox"/>	Very Toxic		<input type="checkbox"/>	Warning		<input type="checkbox"/>	Extremely Flammable
	<input type="checkbox"/>	Toxic		<input type="checkbox"/>	Sensitising		<input type="checkbox"/>	Highly Flammable
	<input type="checkbox"/>	Corrosive		<input type="checkbox"/>	Biological		<input type="checkbox"/>	Flammable
	<input type="checkbox"/>	Harmful – lung damage if swallowed		<input type="checkbox"/>	Oxidising		<input type="checkbox"/>	Environmental

Hazard Type

State the Risks to Health from Identified Hazards

EC Classification: None

Control Measures:

Always read label / MSDS before use and comply with details.
 Keep in original, labelled container.
 Remain in control of substance at all times. Storage to be restricted to certified store, out of storage use to be confined to regulated vehicle.
 Operator to wear suitable PPE when handling and applying as detailed below.
 Records of PPE maintenance to be held centrally.

Safety Phrases:

S1 Keep locked up. S2 Keep out of the reach of children
 S7 Keep container tightly closed
 S13 Keep away from food, drink and animal feeding stuffs
 S20/21 When using do not eat, drink or smoke
 S23 – Do not breathe gas/fumes/vapour/spray
 S26 – In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
 S28 – In case of contact with skin wash immediately with plenty of water and seek medical advice
 S29 – Do not empty into drains
 S36 - Wear suitable protective clothing
 S38 – In case of insufficient ventilation wear suitable respiratory equipment.
 S44/S45 In case of accident or if you feel unwell, seek medical advice (show the label where possible)
 S49/ S35 Keep in original container and dispose of in a safe way
 S51 – Use only in well ventilated areas
 S57 Use appropriate container to avoid environmental contamination
 S61 Avoid release to the environment. Refer to special instructions / safety data sheets
 S62 If swallowed, do not induce vomiting : seek medical advice immediately and show the label or container

Is health surveillance or monitoring required?

Yes No **Personal Protective Equipment (state type and standard)**

 <input type="checkbox"/>		 <input type="checkbox"/>	
Dust mask		Visor	
 <input type="checkbox"/>		 <input type="checkbox"/>	
Respirator		Goggles	
 <input checked="" type="checkbox"/>	Inspection gloves (to protect from possible rodent borne disease)	 <input type="checkbox"/>	
Gloves		Overalls	
 <input checked="" type="checkbox"/>	Steel toe cap boots to be worn as per company dress code.	 <input type="checkbox"/>	
Footwear		Other	

First Aid Measures**Inhalation:** Remove to fresh air**Skin:** : Rinse skin with water. Take off immediately all contaminated clothing. If skin irritation or rash occurs: Get medical advice/ attention.**Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician immediately.**Ingestion:** Call a poison centre or a doctor if you feel unwell**Storage / Spillage****Storage:** Store in tightly-closed, original container in a dry, cool and well-ventilated place. Keep out of reach of children.**Spillage** – Surround and absorb in sand, earth or proprietary product. Shovel into marked container and dispose of via a waste disposal contractor or contact supplier for advice.**Disposal of Substances & Contaminated Containers**
Hazardous Waste Skip Return to Depot Return to Supplier Other
