State the Risks to Health from Identified Hazards

EC Classification:

H360D: May Damage the unborn child.
H372: Causes damage to organs through prolonged or repeated exposure.

Control Measures:

Consider non-toxic and least toxic options before use
Always read label before use and comply with details.
To be used by trained operative (professional) only

Keep in original, labelled container.
 Remain in control of substance at all times. Storage to be restricted to certified store, out of storage use to be confined to regulated vehicle.
 Place substance in manner to prevent access by non-target species including pets.
 If using in burrow ensure covered
 Where risk of interception by 3rd party warning labels to be used to denote use and risk
 Records to be kept on usage and location in pest control master file.
 Operator to wear suitable PPE when handling. Including gloves. Records of PPE maintenance to be held
 Waste product to be retained and disposed of by Pest Control operator as per EA guidelines.

Safety Phrases:

P201: Obtain special instructions before use.
 P202: Do Not handle until all safety precautions have been read and understood.
 P260: Do not breath dust.
 P264: Wash hands thoroughly after handling.
 P270: Do not eat, drink, or smoke when using this product.
 P280: Wear protective gloves and clothing.
 P308+P313: IF exposed or concerned: Get medical advice/attention.
 P314: Get medical advice/attention if you feel unwell.
 P405: Store locked up: store in a closed container.
 P501: Dispose of contents/container to point authorised to receive hazardous waste

Is health surveillance or monitoring required? Yes No

Personal Protective Equipment (state type and standard)

 <input type="checkbox"/>	Dust mask	 <input type="checkbox"/>	Visor
 <input type="checkbox"/>	Respirator	 <input type="checkbox"/>	Goggles
 <input checked="" type="checkbox"/>	Disposable gloves	 <input type="checkbox"/>	Overalls
 <input checked="" type="checkbox"/>	Steel toe cap boots to be worn as per company dress code.	 <input type="checkbox"/>	Other

First Aid Measures

Inhalation: Unlikely route of exposure. Take the victim into open air; keep them warm and calm. If breathing is irregular or stops, perform artificial respiration
Skin: Remove contaminated clothing. Wash skin vigorously with soap and water. NEVER use solvents or thinners.
Eyes: Flush with clean water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, seek medical advice.
Ingestion: DO NOT induce vomiting. Rinse mouth carefully with water. Never give anything by mouth to an unconscious person. If swallowed, seek medical advice immediately and show the product's container or label.
Antidote is vitamin K1 administered by a medical practitioner

Storage / Spillage

Storage: Segregate from foods and animal feeds. Odour-sensitive: Segregate from products releasing odours. Further information on storage conditions: Protect against, moisture. Keep away from heat. Protect form direct sunlight. STORE IN ORIGINAL CONTAINER, tightly closed, in a safe place. Store in a cool dry place. Protect from frost.
Spillage – Clean spillages immediately. Avoid entry to watercourses

Disposal of Substances & Contaminated Containers

Hazardous Waste Skip Return to Depot Return to Supplier Other

(If Other Please State):.....

Is exposure adequately controlled? Yes No
