

COSHH Risk Assessment No: 037

Product Name: Perbio Choc RTU 11 & 51

Registration number – HSE - 7494	Appearance – liquid slightly yellow				
process. (Inc. how long/ how often this is carried out and quantity substance used) f	PROFESSIONAL USE ONLY Perbio choc RTU contains 0.64% Permethrin and 0.63% Tetramethrin for a quick knock down and long-term residual. For use against flying and crawling insects inc ants, cockroaches, fleas, flies, wasps, mosquitoes, stored product moths, red mites, fruit flies, bedbugs by application to surfaces, hard and soft furnishings, cracks and crevices. Refer to Label				
out?	In domestic, commercial, industrial premises including kitchens, hospitals, military, food handling / processing / storage / preparation areas. In and around farm buildings, dairies, animal housing plus amenity areas, sewage works, refuse disposal and waste storage areas including refuse tips and landfill sites				
Identify the persons at risk:	Employees Sub-contractors Public				
	Perbio Choc RTU (Lodi UK) Active Ingredients – 0.64 % Permethrin, 0.63% Tetramethrin				
Classification (state the category of danger	·)				
Very Toxic	Skin Irritant Extremely Flammable				
Toxic	Sensitising Highly Flammable				
Corrosive	Plammable Flammable				
✓ Long term exposure	Oxidising Senvironmental				
Hazard Type					
Gas Vapour Mist Fume Route of Exposure	Dust Liquid Solid Other (State)				
Inhalation Skin Eyes	S Ingestion Other (State)				
Workplace Exposure Limits (WELs) pleas					
n/a	Short-term exposure level (15 mins): n/a				
State the Risks to Health from Identified	·				
EC Classification: H304 May be fatal if swallowed and enters airways. H410 Very toxic to aquatic life with long lasting effects					
Control Measures: Always read label / MSDS before use and comply with details. Remove non target organisms / People during application					

vehicle. Do not store in direct Do not spray onto op Where risk of interce		Keep in original, labelled container. Remain in control of substance at all times. Storage to be restricted to certified store, out of storage use to be confined to regulated							
Do not spray onto ope Where risk of intercep	vehicle.								
Where risk of intercer	Do not spray onto open flame or sources of ignition								
Where risk of interception by 3 rd party warning labels to be used to denote use and risk Records to be kept on usage and location in pest control master file.									
Operator to wear suitable PPE when handling and applying As detailed below. Records of PPE maintenance to be held centrally.									
Waste product to be retained and disposed of by Pest Control operator as per EA guidelines.									
Safety Phrases:									
P273 Ávoid release to the environment. P301+P310 IF SWALLOWED: Immediately call a POISON CENTER/doctor/									
P331 Do NOT induce vomiting.
