

Registration number – GB-2015-0931

Appearance – Blue/Green whole grain bait

Describe the activity or work process.
(Inc. how long/ how often this is carried out and quantity substance used)

Anticoagulant rodenticide used to control active brown rat / house mouse populations in and around buildings Quantity to be used as per product label dependent upon species and area of use.

Location of process being carried out?

To control active rodent activity in and around buildings

Identify the persons at risk:

Employees

Sub-contractors

Public

Name the substance involved including active ingredient, in the process and its manufacturer.

Sakarat Bromabait (Killgerm)

Active Ingredients – Bromadiolone (0.005%w/w) 0.05g/kg, Sodium Benzoate, 0.5%

Classification (state the category of danger)

Damage to unborn child organs through long term exposure

Irritant - dermatitis causing

Extremely Flammable

Toxic

Sensitising

Highly Flammable

Corrosive

Biological

Flammable

Harmful – lung damage if swallowed

Oxidising

Short-term exposure level (15 mins): n/a

State the Risks to Health from Identified Hazards

EC Classification:

H360D: May Damage the unborn child.

H372: Causes damage to organs through prolonged or repeated exposure.

Control Measures:

Consider non-toxic and least toxic options before use
Always read label before use and comply with details.
To be used by trained operative (professional) only
Keep in original, labelled container.

Remain in control of substance at all times. Storage to be restricted to certified store, out of storage use to be confined to regulated vehicle. Place substance in manner to prevent access by non-target species including pets. If using in burrow, ensure covered Where risk of interception by 3 rd party warning labels to be used to denote use and risk Records to be kept on usage and location in pest control master file. Operator to wear suitable PPE when handling. Including gloves. Records of PPE maintenance to be held Waste product to be retained and disposed of by Pest Control operator as per EA guidelines. Safety Phrases: P201: Obtain special instructions before use. P202: Do Not handle until all safety precautions have been read and understood. P260: Do not breath dust. P264: Wash hands thoroughly after handling. P270: Do not eat, drink, or smoke when using this product. P280: Wear protective gloves and clothing. P308+P313: IF exposed or concerned: Get medical advice/attention. P314: Get medical advice/attention if you feel unwell. P405: Store locked up: store in a closed container. P501: Dispose of contents/container to point authorised to receive hazardous waste			
Is health surveillance or monitoring required? Yes ☐ No ☒			
Personal Protective Equipment (state type and standard)			
 ☐		 ☐	
Dust mask		Visor
